

**The Creator, The Maker. The One  
Who brings things into existence  
after their non-existence**

**: الْخَالِقُ**  
**AL KHĀLIQ**

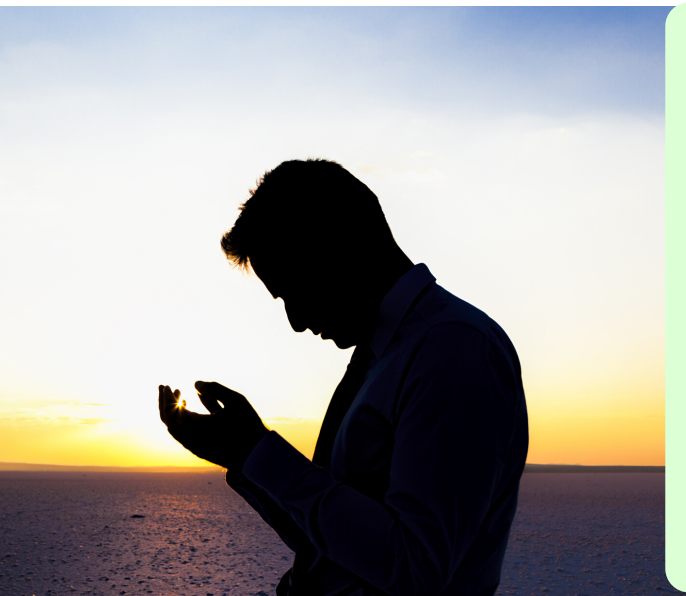

## **1) WHAT DOES THIS NAME MEAN TO ME?**

To me Al Khāliq means that Allah is the only One who can create anything out of nothing. Everything that humans make, they make it out of other things but only Allah can create from nothing. Allah is the only Creator of the entire universe and therefore the only one worthy of worship.

## **2) HOW CAN IT HELP ME IMPROVE MY WORSHIP?**

I know that Allah has created everything in the universe and Paradise and Hell as well. I must also know why He created us. He created us to worship Him. Everything belongs to Him and therefore I must be always conscious in my worship of Allah and worship Him alone.

## **3) HOW CAN IT HELP ME IMPROVE MY DUA?**

As Allah is the only Creator, I only ask Him for whatever I need. I always start my duas with His praise as Al Khāliq is the only one that deserves the most praises for all His wonderful creations on earth and in the Universe.

#### **4) HOW CAN IT HELP ME PURIFY MY HEART?**

Allah created me and my heart. My heart is a gift from Al Khāliq. It contains all my feelings, faith and emotions. With my heart, I believe, love, feel and care. I will take care of this heart that Allah has given me and purify it from all bad emotions and thoughts, so that I will meet my creator with a pure heart when I leave this world.

#### **5) HOW CAN IT HELP ME IMPROVE MY CHARACTER?**

I will live my life the way my Creator wants me to. He made me and through Islam He taught me a perfect way of life. I will study the Quran and Hadith so that I can learn how to be the best Muslim I can be. I will try to do this so I can live a life that is pleasing to my Creator, and that fulfills the purpose of my life.

#### **6) HERE IS AN ACTIVITY FOR YOU TO REFLECT**

Allah has created so many amazing things in this universe. There is so much to explore and study and reflect on. All of these things exist to show us the infinite power of Allah to create whatever He wills. Research the different kinds of planets, animals or plants that are most fascinating to you. Every single time that you find something amazing that Allah created, say Subhanallah (Glory be to Allah). This is how we praise Allah when we marvel at His Creation. Now look at all of the amazing things the Creator has created in this universe and reflect on the fact that even more amazing creations await us in Paradise!
